*top***DENTISTS**[™]

Regional Issue

topDENTISTS is the most recognized name in peer-reviewed dental listings.

Our partner publications look forward to featuring our lists each year. Nearly 10 million readers have seen our lists throughout the years. That number will continue to climb as social media usage grows.

topDENTISTS, LLC began in 2007. Nearly two decades later, we are still identifying the foremost dentists and specialists in the USA.

topDENTISTS management has more than 70 years of experience compiling peer-review referral guides in the dental, medical and legal fields. Working from this experience, along with the input of several prominent dentists, serving as advisors, *topDENTISTS* created a selection process that earned the respect of the country's leading professionals.

topDENTISTS lists have been featured on magazine covers for more than a decade -- from Seattle to Boca Raton & everywhere in between.

“We had a terrific experience with *topDENTISTS*. The survey in our market was handled professionally and the results were delivered on deadline. Having the *topDENTISTS* list in Memphis Magazine proved beneficial for our advertising sales efforts as well as an informative and useful tool for our readers. We highly recommend *topDENTISTS*.”

Jeffrey Goldberg, Vice President - Contemporary Media, Memphis Magazine

“*topDENTISTS* has an excellent product that makes my life easier. It just works.”

Mike Enberg, Senior National Account Executive - Seattle Met

“...great to work with: efficient, detail-oriented and extremely helpful with both our staff and any advertiser inquiries.”

Trina Thayne, Former Operations Manager - San Diego Magazine

Jacksonville Magazine, January 2021

Jacksonville's TOP DENTISTS for 2021

"IF YOU HAD A PATIENT IN NEED OF A DENTIST, WHICH DENTIST WOULD YOU REFER HER TO?"

This is the question we've asked thousands of dentists to help us determine who the topDentists should be. Dentists and specialists are asked to take into consideration years of experience, continuing education, manner with patients, use of new techniques and technologies and of course physical results.

The nomination pool of dentists consists of dentists listed online with the American Dental Association, as well as dentists listed online with their local dental societies, thus allowing virtually every dentist the opportunity to participate. Dentists are also given the opportunity to nominate other dentists that they feel should be included in our list. Respondents are asked to put aside any personal bias or political motivations and to use only their knowledge of their peer's work when evaluating the other nominees.

Voters are asked to individually evaluate the practitioners on their ballot whose work they are familiar with. Once the balloting is completed, the scores are compiled and then averaged. The numerical average required for inclusion varies depending on the average for all the nominees within the specialty and the geographic area. Borderline cases are given careful consideration by the editors. Voting characteristics and comments are taken into consideration while making

decisions. Past awards a dentist has received as well as status in various dental academies can play a factor in our decision.

Once the decisions have been finalized, the included dentists are checked against state dental boards for disciplinary actions to make sure they have an active license and are in good standing with the board. Then letters of congratulations are sent to all the listed dentists.

Of course there are many fine dentists who are not included in this representative list. It is intended as a sampling of the great body of talent in the field of dentistry in the United States. A dentist's inclusion on our list is based on the subjective judgments of his or her fellow dentists. While it is true that the lists may at times disproportionately reward visibility or popularity, we remain confident that our polling methodology largely corrects for any biases and that these lists continue to represent the most reliable, accurate, and useful list of dentists available anywhere.

COSMETIC DENTISTS

Thirty-five years ago, 60 dentists assembled in Las Vegas to create an organization devoted to the art and science of cosmetic dentistry. From this gathering of individual practitioners, the American Academy of Cosmetic Dentistry (AACD) has matured into the world's largest organization for cosmetic dental professionals. The AACD now includes 6,000 practitioners, educators, researchers and laboratory technicians from 70 countries worldwide. The organization is dedicated to advancing excellence in the art and science of cosmetic dentistry and encouraging the highest standards of ethical conduct and responsible patient care.

Approximately 30 AACD members practice in the Northeast Florida area, including:

- Mariam Barikbin
- John Bibb
- Josha Bietenholz
- Kenjula Brown
- Eric Burgess
- Kendall Frazier
- Golden Rose Hartley
- Christopher Henry
- Julia Kinser
- Jose Martinez
- Blanca Martinez-Hoppe
- James McCall

IMPLANT + ORAL SURGERY CENTER

THE EXPERTS IN FACE, MOUTH, AND JAW SURGERY™

DANIEL E. ESPOSITO, DMD, PhD, FACS
3280 Top Dentist 2022

Dr. Esposito is honored to have been chosen by his peers as a 3280 Top Dentist in Oral and Maxillofacial Surgery. Dr. Esposito continues his private practice focusing on superior infection control, sterilization, individualized patient care and compassionate attention to detail. Dr. Esposito and his team strive to exceed the expectations of every patient, every day. As a solo-practitioner, patients rest assured that Dr. Esposito will perform the consultation, the operation and all follow-up care. His talented team of the Implant and Oral Surgery Center excel at sterilization and infection control procedures, insurance management and the creation of a safe and comfortable environment for the patient's oral surgical needs.

Dr. Esposito is an expert in wisdom teeth extractions, placement of ceramic and titanium implants, oral pathology, orthognathic surgery, reconstructive bone grafting and facial trauma reconstruction. The incorporation of laser cell therapy and HIFEM into his daily practice has led to outstanding surgical success.

Dr. Esposito received his degrees from Cornell University, the University of Connecticut School of Dental Medicine and Vanderbilt University School of Medicine after receiving his medical degree from Vanderbilt University. Dr. Esposito received his Board Certification from the American Board of Oral and Maxillofacial Surgery, is a Diplomate in the International Congress of Implantology and was awarded his Fellowship in the American College of Surgeons. This continued dedication to excellence has benefited patients throughout his decades in practice. Dr. Esposito is grateful for this honor, and the support and trust of his peers in dentistry and medicine.
